

URAGAN AT HOST 2021 UNDER THE BANNER OF HIGH PERFORMANCE AND SAFETY IN WASHING

Uragan will be at Fiera Milano Rho from 22nd to 26th October with its revolutionary range of washing solutions Made in Italy.

The most important event for the Ho.Re.Ca sector, now in its 42nd edition, is back with the most influential brands in the world of catering and hospitality and there will also be Uragan by Univerbar, the brand of Ryoma highly specialized in washing systems for glasses and dishes.

This revolutionary line, born thanks to the collaboration between Univerbar - an expert in the washing segment - and BWT - a world leader in water treatment - uses technologies that are particularly useful and effective in killing viruses and bacteria. Thanks to the integrated osmosis and ozone system, more than 99.00% of bacteria, mold, fungi, yeasts, pollen, and mites are eliminated, making viruses inactive.

At the stand, visitors will appreciate the qualities of Uragan 40 in operation, the smallest dishwasher of the line, a machine with compact dimensions and a complete double wall in its side, suitable for washing glasses and coffee cups.

Moreover, it will be possible to see Uragan 50, a practical dishwasher that can be used for both glasses and dishes, and Uragan Hood, the hood dishwasher for industrial use.

The appointment is from 22nd to 26th October at Fiera Milano Rho, in Hall 24 Stand D60-E61.
