

**Compos Center joins the family of Internazionali d'Italia Series**  
*A new partnership dedicated to innovation in the world of sport is born.*

**Internazionali d'Italia Series** is pleased to announce a new partnership with **Compos Center**, a leading company in sports services. With a solid experience in the support of sporting events and competitions, Compos Center adds value to the organisation of races through the most advanced printing and customisation technologies.

The Como-based company stands out for the quality, innovation and competitiveness of its products, which are already internationally recognised and essential for ensuring visibility, durability and safety during sporting events.

*"We share a deep commitment to excellence, innovation and passion for sport with the Internazionali d'Italia Series MTB," says **Massimiliano Martinelli, CEO of Compos Center**. "We support events that highlight athletes at every level, from young talents to professionals, just as we do with our products: we offer tailor-made solutions for every need, enhancing the experience of all participants. Every material we select is designed to meet the specific needs of outdoor events, ensuring durable, high performance and quality solutions. With our experience, we aim to make every event a success, improving not only aesthetics but also functionality, efficiency and safety".*

**Michele Mondini, CM Outdoor** confirms the added value of Compos Center in the Internazionali d'Italia series: *"This partnership is a perfect fit for our event. Their support is absolutely essential and their knowledge of the most suitable products for specific needs contributes to the success of the event. Their services are used in several aspects of the Internazionali d'Italia Series. Knowing that we can count on them gives us greater peace of mind during the set-up phases of the tracks, as we are confident that we will be able to meet all our sponsors' needs in terms of visibility and communication".*

Technological innovation plays a key role in the evolution of the sector. Thanks to high-quality digital printing, Compos is able to personalise bibs, logos and information for each athlete in real time, offering fast and effective solutions for any competition.

*"Every event, big or small, deserves the same attention and care," adds **Martinelli**. "We work with passion and dedication to ensure the highest quality and customisation, contributing to the success of each competition."*

The **Internazionali d'Italia Series** and **Compos Center** invite all enthusiasts to join them for a season full of emotion and innovation in the world of MTB, starting from **San Zeno di Montagna** on **15th** and **16th March**.
