

Returning to centre stage is the Ultimate Exceed ProEdition with the new Stardust collection. This reinterprets one of the brand's most iconic models with an exclusive twist: a premium silver microfibre upper enriched with iridescent, rainbow-like reflections.

Designed for those who love to stand out, the Stardust model strikes the perfect balance between style and performance. It retains the features that have established the Ultimate Exceed ProEdition as a benchmark among professional cyclists, while adding a striking visual identity and an updated design.

This edition offers all the advantages of the classic version, dedicated to riders who live for competition:

- **Ultra-light carbon monocoque chassis**, sole stack under 2 mm, and a weight of just 192 g (size 43).
- **Universal compatibility**: three-bolt cleat mount (Look, Shimano, etc.) and Speedplay.
- A **redesigned ventilation system** with strategically placed perforations to keep your feet cool in any condition.
- **Updated BOA® Li2** fit system, now featuring cotton lace guides for superior comfort, with micro-adjustability and stability even in the most demanding situations.

In this collection, Nimbl ventures into new aesthetic territories while staying true to its mission of creating products that blend Italian craftsmanship, elite performance and distinctive design.

Each pair is handmade in Italy using premium materials chosen for their lightness, durability and refined appearance. The elegant appearance never compromises functionality: bold logos and racing-inspired graphics ensure visibility and recognition, while the essential silhouette and aerodynamic profile enable you to ride at maximum performance, whether you are sprinting or climbing.

The Stardust collection offers the reliability that professional athletes demand every day, enhanced by an exclusive aesthetic for those who want to stand out—on and off the racecourse. The Ultimate Exceed Pro Edition Stardust will be available on the official website, nimbl.cc, and through selected retailers.

About Nimbl Nimbl is a high-performance cycling brand committed to the highest standards of quality, preserving Italian craftsmanship while driving innovation. Known for its handcrafted shoes worn by WorldTour athletes, Nimbl helps cyclists optimize energy transfer without compromising comfort or style. With the expansion into apparel, Nimbl continues to serve riders who demand the best — delivering a system built to elevate performance, watt after watt.
