

A limited edition celebrating the spirit of the Giro d'Italia

Nimbl introduces the Ultimate Exceed Pro Giro 2026, a limited-edition cycling shoe inspired by one of the most iconic climbs in professional cycling: Passo Giau.

The design is inspired by a place where the road is no longer just asphalt—it becomes legend—defined by effort, silence, and extreme elevation. It translates the character of the climb into a clean, structured graphic language that reflects rhythm, gradient and sustained effort.

The colors play a central role in the shoe's identity. A strong pink references the Maglia Rosa, the symbol of leadership in the Giro d'Italia, while black and white gradients add contrast and visual depth. The overall composition responds to the changing light conditions of the mountains. The varying atmosphere and altitude alter perception throughout the ride.

Every detail of the upper is designed to convey performance and emotion, strengthening Nimbl's bond with the Giro d'Italia. The result is a product that transcends aesthetics by embodying identity, belonging, and the balance between elegance and racing attitude.

Built on Nimbl's trusted, high-performance Ultimate Exceed Pro platform, this Giro 2026 LTD Edition is the ultimate cycling shoe. Designed for riders who demand the highest level of precision and efficiency, this lightweight, responsive, race-proven shoe embodies Nimbl's dedication to performance-driven design and Italian craftsmanship.

The Ultimate Exceed Pro Giro 2026 will be produced in a limited run of 2,000 pairs worldwide.

- MSRP: €599, USD 710, GBP 540
